NO. 8

BYSTANDER SLAIN IN FEUD BATTLE

Our Town

By J. B. White

In his order approving a code of fair competition for the canning industry, President Roosevelt required the industry to appoint a committee "to co-operate with the National Recovery Administrator in the formulation of standards of quality of products of the industry and to make recommendations to the Administrator within 90 days for inclusion in the code of provisions with respect to such standards and labeling requirements."

When the President was 24 years younger, as a state senator in New York, he made a valiant and vigorous effort to secure the enactment of legislation to regulate the canning industry. He urged upon his colleagues the need for requiring definite labels on containers, not only to inform consumers as to their contents, but as evidence that the product was properly graded. That was in 1910. He continued his endeavor with convincing argument until he came to Washington in 1913, but his fight was futile. Now he can foresee his purpose on the way to accomplishment under a code.

The utilization of codes to secure long-needed reforms is a fixed habit with the President, as first demonstrated in his approval of Code No. 1, that for the cotton textile industry. In that and every subsequent code, child labor has been brought to the irreducible minimum.

The story of the timber conservation plan incorporated in the lumber and timber products code, applying rigid rules for protection of 400,000-000 acres of commercially owned forests, was told recently at the annual convention of the National-American Wholesale Lumber Association by Wilson Compton, president of the American Forests Products Industries. Mr. Compton said: "A year ago, President Roosevelt asked the forest-products industries, in any codes they might submit to include 'effective protection against destructive forest exploitation' and we have done so. In consultation with the interested public agencies, we have developed a conservation plan which they and we believe to be practicable and which the President himself has generously described as one of the greatest accomplishments of the past year."

PUBLIC ACCORDS NEW STORE BIG RECEPTION

Reception on the part of the public of the new stores of Green & Boedeker and the Leland Green Funeral Home has been one of the big events of merchandising history in Cameron.

Opening on June 1 the stores were given a wide patronage on the opening days and the business has continued to be good with the stores. On the opening day crowds had difficulty in getting to clerks but with the addition of help the management was able to serve all.

The grocery has been the mecca of food hunters in recent days. The hardware store has had its share of the reception and the funeral home has added much to the service of the firm.

This week end the popular store is offering big bargain lists in both departments of Hardware and Groceries.

Stanley H. Swift, Jr. Arrives To Bless The Swift Home

Stanley H. Swift, Jr., has arrived in the home of Mr. and Mrs. Stanley H. Swift of Cameron. He was born Friday morning June 8 at the Cameron Hospital. Both mother and baby are doing well, and Junior has received the attention his popularity commands. Mr. Swift of the Swift Theatres, Inc., has already enlarged his plans for additional management at the playhouses in Cameron.

Mrs. A. J. Dossett, mother of Mrs. Swift, is in Cameron to be with the happy family. Their many friends extend congratulations.

DEMOCRAT CANDIDATES SHARP FRIDAY NIGHT

Candidates for Democratic nominations will speak at Sharpe on Friday night, one of the 15 speaking engagements arranged by the Executive Committee chairman.

At Vogelsang on Tuesday night the candidates were greeted by one of the largest crowds of the campaign. The women of the church served a supper beginning at 6 o'clock in their club house. The rally was held on the spacious lawn of the church plot. Rev. Kalkbrenner, pastor of the church, graciously called the meeting to order and introduced J. B. White, chairman of the Democratic Executive Committee who presided and presented the candidates. The people of the community expressed their approval of the program and entertained the candidates and visitors true to the hospitality of the people there.

Under the program greater crowds are attending the meetings. Candidates are being invited to a large number of entertainments exclusive of the speaking engagements. It was thought when the program was made the candidates would be spared much of the useless labor and expense of the old campaign methods.

Arrangements for the meeting at Sharpe was going forward and a large crowd is expected.

LEE ROY JOHNSON FOR CONSTABLE PRECINCT 1

Lee Roy Johnson, special Texas ranger, and well known peace officer here is a candidate for the office of Constable for Precinct No. 1, subject to action of the Democratic primary election to be held on Saturday, July 28, 1934.

Mr. Johnson at the present time is in Galveston employed by the Mallory Lines protecting dock workers and the property of the company. At the dock are also a large number of Milam County boys and Cameron boys working and receiving protection from Mr. Johnson and other officers. In making his announcement for the office of constable for this precinct Mr. Johnson said that he would be with his present position for several days and could not immediately begin his canvass here. In the meantime he asks his friends and supporters to lend their aid to his campaign for the office.

For a number of years Mr. Johnson has been with the office of Sheriff Blaylock as a certification expert, taking care of the fingerprint and (See JOHNSON on last page)

Cheeves Brothers In Annual Clearance of Summer Merchandise

Cheeves Brothers, on the square, are announcing their annual summer clearance sale of merchandise, making ready for the receipt of fall goods.

This is an annual merchandising event and will be received with interest by buyers in all sections of the trade territory. In this issue will be found the annual message on better buying opportunities. New low prices prevail and every department of the big store is included in the sweeping clearance prices.

BIG BALLOT SEEN; CANDIDATES CONTINUE TO FILE FOR TICKET

A total of 58 candidates exclusive of executive committeemen had filed for the Democratic Primary ballot in Milam County, according to J. B. White, county chairman.

Filing date closes at midnight Saturday June 16. A few who have announced for office have not as yet filed officially for the ballot. The chairman pointed out that names cannot be placed upon the ballot unless a filing is made in accordance with the law.

The largest division of candidates is in the race for Commissioner in Precinct No. 1 with 6 trying for the place. In the race for county treasurer there are five candidates.

The Democratic Executive Com-

CLINT SMALL BRINGS CAMPAIGN TO MILAM

Senator Clint Small, campaigning for the governorship, spoke to Cameron and Milam County citizens at the court house here Wednesday afternoon.

Senator Small came here from Franklin, where he spoke during the morning and from Nacogdoches, where he addressed one of the largest crowds he has had during his campaign.

"Four years ago," the senator said, "when as an unknown, I came into Texas politics and carried 91 Texas counties and polled 140,000 votes, I did not get to make east Texas. I feel like that is all that kept me out of the run-off in 1930. Well, this year I am campaigning from the Katy to the Sabine and from Red River to the Gulf and when the primary votes are counted, I'm going to get thousands of East Texas votes where I only got hundreds and I am going to carry some East Texas counties which have been conceded to other candidates."

Senator Small was introduced by Bill Morrison, City Attorney. While in the city, the senator also visited with County Attorney S. M. Burns, a friend and classmate at the University of Texas.

Gulf Refining Co. Officials Meet In City For Barbecue

Four officials of the Gulf Refining Company were in Cameron on Friday night of last week the guests of W. R. Hoover, local agent for the company. While in the city they were special guests at a barbecue held at Wayside Inn on Little River.

The officials are: R. A. Haralson, J. C. Yarbrough, W. P. Wright and J. W. Hutt.

The barbecue was held in the grove along the river banks and Mr. Hoover whose hospitality was most excellent, invited a number of friends.

The Gulf officials returned to their homes on Saturday.

Included in the list of guests were local Gulf product dealers.

McLane & McLane Give A Week End Food Sale

McLane & McLane Cash Grocery on Main Street this week join in the better shopping advantages to the people, offering a splendid list of attractive prices on high grade goods. The big store on Main Street has been a center for advantageous buying for a number of years and these merchants this week come to the people with unusual bargains.

A HENDERSON FOR COMMISSIONER NO. 1

J. A. Henderson of Ben Arnold, who has been affiliated with highway work in this county for the past fifteen years has entered the race for Commissioner of Precinct No. 1, in which he has served during this long period, and has authorized the Herald to carry word of his formal announcement.

Mr. Henderson says that he has been employed under three different commissioners in his precinct, having begun his labors when J. H. Reeves was commissioner. He worked with the late H. A. Fuchs of Buckholts and under Walter Fuchs present Commissioner.

Having been affiliated with highway work for years, Mr. Henderson feels that he knows the road and bridge needs of the precinct better than most people, and that he is well acquainted with the citizenship of the two beats, which facts should work for harmony and greater efficiency in the precinct. He has lived in Precinct No. 1 for thirty-five years.

Mr. Henderson received a business education at Toby's business College, Waco, and is a good bookkeeper and experienced in clerical work which should enable him to cope with the problems the important position presents, with efficiency and promptness. He is also an ex-service man.

This candidate has been prominent in the civic life of his community and county for years and is very well (See HENDERSON on last page)

O. H. CROSS HEADS BODY TO AID TEXAS FARMERS

WASHINGTON, June 13.—Acting on widespread complaint from Texas, the House Delegation in Congress headed by O. H. Cross of the Waco district, Wednesday called on the Farm Credit Administration and entered formal complaint to low appraisals of farm lands on which the Federal agencies advances loans.

Included in the recent emergency relief laws was an act permitting the Farm Credit Administration to advance loans on mortgaged farm lands as a means of farm relief. Appraisals of the value of the land are made in the same fashion as those made by the Home Owners' Loan Corporation.

Mr. Cross, spokesman for the delegation, complained that appraisals were ridiculously low and the actual cash loans advanced on highly productive lands are far out of proportion to the value of the security taken by the government, which is in effect a second mortgage. Mr. Cross told the Washington officials that the intent of Congress to accord relief was being defeated by inexperienced land appraisers.

Cross and the other Texas members pleaded for more rational appraisal of lands so that actual cash relief might be made available to distressed landowners. It was pointed out many of the applicants for this type of relief would be thrown on the State emergency relief administration for district relief if the refinancing of farm lands was denied them.

KARL A. HORSTMANN IS BURIED IN CAMERON

After a lingering illness of several months, Karl A. Horstmann, 38, died in Cameron Monday June 11th at 8:40 o'clock at the home of his sister, Mrs. John W. Sapp, where he had been brought three weeks prior to his death and where he was tenderly looked after.

Mr. Horstmann was born May 10, 1896 in Cameron, son of the late August Horstmann and Emma McLellan-Horstmann, pioneer citizens of Milam and McLennan counties, McLennan county having been named for his maternal great grandfather.

Mr. Horstmann was graduated from Cameron High school in the class of 1915, leaving Cameron shortly afterward for the benefit of his health, going to El Paso in 1917 and from there to Hobbs, New Mexico in 1929 where he lived until he was taken to Marlin and remained (See HORSTMANN on last page)

Six Others Wounded When Brother of Slain Shoots Ex-Convict at Caldwell

CALDWELL, June 9.—One man was slain and six others wounded when a hail of bullets swept Cobbs Corner, in the heart of the business section here late today.

Result of a Feud

R. B. Craddock, 55-year-old farmer of the Black Jack community, whose brother, Beaty Craddock, was slain three years ago was arrested shortly after the shooting and told Sheriff Clint B. Lewis he fired the shots at Will Baggett, 57, paroled convict, who was among the wounded.

Baggett was convicted of slaying Beaty Craddock, his son-in-law, and last week was released from prison under a parole after having served three years of a 35 year prison sentence.

The dead man was identified as Primo Alandos, farm hand.

Others Who May Die

The seriously wounded, in addition to Baggett, are Douglas Thegley, 18-year-old student, who was shot in

the chest, and Salvador Olivares, 40, farm hand shot through the stomach.

Three others received minor wounds. They were: W. H. Gray, 46, representatives of the Houston Post in Caldwell; Steve Blaha, Jr., 23, butcher shop employe, and Chris Jennett, 19, filling station operator. All received flesh wounds.

Fires Without Warning

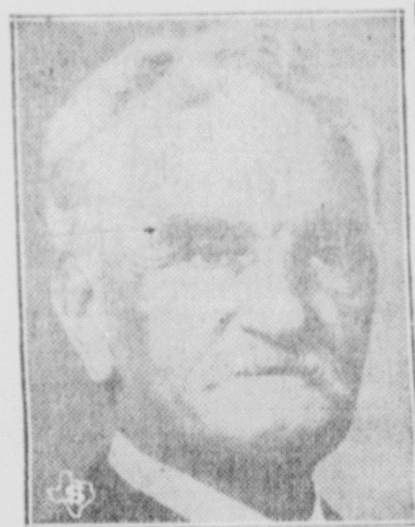

Craddock, according to bystanders, approached Baggett and opened fire without saying a word. As Baggett fled down the crowded street, Craddock continued to pour bullets in his direction.

Sheriff Lewis rushed up and arrested Craddock immediately after the shooting.

"I am sorry about shooting any innocent persons," Craddock said, "but I was aiming at a dirty dog."

Craddock was charged with murder in a complaint filed before Clem Kaltwasser, justice of the peace.

Judge Fly Dies

Chief Justice William S. Fly of the Fourth Court of Civil Appeals, dean of Texas jurists, who died unexpectedly at his home in San Antonio recently. He would have been 83 years old on October 29 of this year. (Texas News Photos)

Visits Cameron

JUDGE H. S. LATTIMORE
Judge Lattimore is now Associate Justice of the Court of Civil Appeals and is a candidate for the Supreme Court. He was in Cameron this week talking over his campaign with friends.

Sherif Blaylock In Bed From Injuries

Sheriff Blaylock as a result of injuries received this week has been confined to his bed for three days, but it was announced at his office this morning that he would be up shortly.

Mr. Blaylock could not attend the Democratic Rally at Vogelsang on Tuesday night and unless his improvement is very rapid he will not be able to attend the rally at Sharpe Friday night. His friends wish for him a rapid recovery.

CELEBRATE 85TH BIRTHDAY

Mr. and Mrs. Albert Schiller attended a reunion of the Schiller family Sunday at Thorndale, when they celebrated the 85th birthday of his mother, Mrs. Helen Schiller, given at the home of her daughter, Mr. and Mrs. Fred Frenzel's old colonial home in Thorndale.

There were six of the eight children present, the other two being unable to attend. This was a most enjoyable reunion, held under the shade of the large oaks in the yard.

Charlie Saller, well known citizen of Thorndale spent Wednesday in Cameron.

LeeRoy Johnson Here From Dock Duty Says Local Men Employed

Lee Roy Johnson, special agent for the Clyde Mallory Lines at Galveston, spent Tuesday in Cameron, but immediately returned to his duties. He was called to serve two months ago on account of the strike situation. New men were needed to fill the ranks of the strikers, and Mr. Johnson was authorized by the Mallory Lines to supply workmen, and because of his interest in Cameron and Milam county, he got in touch with the local C. W. A. headquarters and others interested in employment and as a result, approximately 250 citizens from this county obtained work there.

Between four and five thousand dollars are sent to Milam county people each week from workmen in Galveston according to Geo. J. Horner, general agent for the Mallory Lines.

Workmen filling places of the strikers have a chance to remain with the work indefinitely, Mr. Johnson said. (See DOCK WORKERS on last page)

Ready to Handle Texas' Big Wheat Crop

The newest invention to facilitate the handling of the Texas grain crop is this 34 foot, 20 ton, high speed dump truck which unloads grain at the rate of 250 bushels per hour, one-fourth of the time formerly required. The truck is parked, up comes the floor, and down goes the grain on to huge belts, where it is conveyed to the elevators like that shown in the picture. This is the Burrus elevator in Dallas, one of a number of Texas elevators belonging to this company. (Texas News Photos.)

Hempstead were recent guests in the home of her parents, Dr. and Mrs. C. P. Everett. Misses Mattie and La Verne Everett accompanied them home.

Mr. and Mrs. Alvin Hill and children of Rosebud were Sunday guests in the home of her parents, Mr. and Mrs. Martin Zawadzke.

Thomas Everett is at home with his parents, Dr. and Mrs. C. F. Everett, after having been a student in Huntsville the past school year.

Mrs. W. H. Ezzell returned Sunday from Cleburne where she had visited relatives for a few days.

Miss Mary Ann Raska who has been visiting in the homes of Messrs. and Mesdames A. R. Walschak and Joe Raska, returned to her home in Needville Monday.

Miss Gladys Harris went to Marshall Sunday from which place she and a large party started Monday morning on an Eastern tour with Texas Travelers sponsored by the college of Marshall.

Weight Reduced
From 180 to 137

"Wonderful," She Says

Here's today's story of a woman who knew she carried too much fat and decided the right way to get rid of it—just a few words that wise fat folks should heed—worth reading.

"I use Kruschen Salts to reduce. It's wonderful. Take it daily and eat what I want and still lose. I did weigh 180, now 137. Want to get down to 125." Mrs. Leonard Bass, Ft. Atkinson, Wis., Feb. 6, 1934.

When you take one half teaspoonful of Kruschen in a glass of hot water—you not only lose in weight but you put healthy activity into your whole body—you feel younger and look it—get it at any drugstore in the world.

LOWER TAXES
WHAT? YES!

DEPRESSION laws knocked off the usual penalties and interest and substituted lower rates on taxes delinquent July 1, 1933. You will recall that from time to time the Legislature of Texas has been suspending penalties, interest and costs on delinquent taxes. In September, 1933, the last measure of this kind was enacted, with a provision written into the law, providing that this should be the last Remission Bill ever to be passed by the Legislature. This special law is known as Senate Bill No. 262 and by its own provisions expires and ceases to exist June 30, 1934. On July 1, 1934, all regular penalties, interests and delinquent costs return. You may pay taxes delinquent for 1932, or any prior year, by paying the amount of taxes due plus a penalty of only 6% except that for 1929 and prior years certain costs are due, which are not remitted.

We submit the following example:

In July, 1934—

30½% will be added to 1930 taxes delinquent,

24½% will be added to 1931 taxes delinquent,

18½% will be added to 1932 taxes delinquent,

(a delinquent cost will accrue in addition to above)

\$100.00 taxes delinquent for the year 1930 may be satisfied in full during May or June for \$106.00, however, the same taxes paid in July would be \$131.50, and the same differences apply for all other years.

For your information we call attention to Senate Bill No. 4 passed by the same Session of the Legislature that gave us above remission law, which is an Act providing for the transfer of the lien for taxes that the State, County or defined subdivision thereof, has upon real property. In other words, if a delinquent tax payer is unable to pay taxes delinquent at this time and thereby realize a substantial saving, he may arrange with a friend, or other persons, to pay the taxes and request a transfer of the lien for the taxes, which transfer is executed by the Tax Collector and gives to the individual the same lien and security for taxes held by the State.

We urge every delinquent tax payer to take immediate action to adjust all past due taxes as it is practically certain that relief from penalty and interest will never again be offered. We make the further suggestion that where delinquent tax payers do not avail themselves of the opportunity now presented and pay up delinquent taxes it will become necessary to take steps to enforce statutory liens for taxes and this action will proceed as rapidly as practicable after July 1, 1934.

Respectfully submitted,

Roy Law,

Tax Collector, Milam County, Texas.

PECAN GROWERS HOLD MEETING IN CAMERON

Pecan growers of this county met at the court house Tuesday June 12 for a business session.

A. W. Jones, with the State Department of Agriculture was the principal speaker, with T. S. Henderson, Mr. Zajick of Rogers and others also speaking.

A resolution was unanimously adopted, petitioning the Secretary of Agriculture and the A. A. A. to include the pecan growers in the program of the A. A. A. and assist in securing fairer prices for pecans based on economic conditions, competing nut prices and supply. The resolution favored a surplus control plan with the naming of minimum prices by the A. A. A.

Any pecan grower wishing to sign a petition to the Secretary of Agriculture embodying the above mentioned program may do so by seeing the County Agent, Geo. Banzhaf or A. H. Baskin who was elected temporary secretary or P. W. Davis acting chairman.

MRS KELLIE ANDREWS DIES SUDDENLY HERE

Mrs. Kellie Andrews, 58, died suddenly while sitting sewing at a machine in the home of Mrs. T. A. Howell Friday afternoon June 8th at 3:30 o'clock. Mrs. Andrews had been in her usual health and spirits and had returned the Sunday before from a visit with relatives in Louisiana. She was spending the afternoon with Mrs. Howell, slumped and fell to the floor.

The funeral was held Saturday afternoon at 4 o'clock at the Full Gospel Tabernacle church by Rev. A. C. Gardner, pastor, with interment in Marlow cemetery. Leland Green Funeral Home directed funeral arrangements.

Mrs. Andrews is survived by seven children: Joe and John Andrews of Dallas, Sam of Shreveport, La., Mrs. H. Aclin of Waco, Mrs. Mary Martin of Bryan; Mrs. Joe Thompson of Hanover and Mrs. Lucille Storey of Cameron and one brother.

Mr. and Mrs. Niley Smith attended the commencement exercises at Schreiner Institute held at Kerrville last week. They were accompanied home by their son, Niley Smith, Jr., who had attended the institution the past year. Niley Jr. was taken down with the measles immediately after returning home, but is reported convalescing.

Samoyed Dog Guards His Reindeer Like Shepherd

The Samoyed, a semi-nomadic race of people living in northeastern Russia and Siberia—and from whom the dog derives his name—depend upon him for herding the reindeer that supplies their food and clothing, says an authority in the Los Angeles Times. Well protected from the snow and sharp ice by thick fur between the toes, which almost covers the black pads, his quick feet—propelled by straight, heavy-boned muscular legs, stifles well down—carry him at good speed in driving and rounding up his charges. His speed and great endurance have also been advantageously utilized to furnish the sole means of transportation—for he is their sledge dog—as important to their life as food and fuel.

Of the large family of Arctic dogs comprising the wolf-spitz or Pomernian group that carry their chrysanthemum-like tails, pompon fashion, close to their backs—he has, however, little of the width of jaw that characterizes the chow and other Asiatic types. His powerful head is wedge shaped with a broad flat skull, muzzle of medium length and tapering forehead, into which black, intelligent eyes, wide apart, are deeply set. Rims encircling the eyes are likewise black, as are also the nose and lips.

With these exceptions, the dog, from the top of his sharp erect ears, well-haired inside and out, to the tip of his bushy tail, is pure snow white in color except for slight shading or spots of color that appear occasionally on the ears.

Earth Furnishes Source

of Music for Bolivians

A land of sheer mountain peaks, with towns and villages situated so much nearer heaven than there ever is heard a clamor for fresh air, Bolivia should live a life strangely apart, in some respects, from other corners of the globe.

The traveler roaming through the interior will find many strange things. One will hear music in an Indian village, but the music will not be as strange as the instrument. Close analysis will show that old Mother Earth basically furnishes the source of music. In New York you hear jazz bands with brass instruments—the brass furnished by Mother Earth. But in Bolivia the natives don't bother to dig below the surface. They shape their instruments from what grows out of the soil.

The sampona is the favorite musical instrument of the Bolivians. It is made from varying sized reeds. It is a magnified form of a rondador so popular in Ecuador. Much of the music heard in the Indian villages in this region is of melodies handed down for centuries—bits of ancient Inca and pre-Inca tribal songs, chants used in making supplication to the sun god and melodies which accompanied the ritualistic dances given to placate the gods of the earth and the harvest.

The Fenians

Fenian, or Fenian society, is a popular name for the Irish Republic Brotherhood, or I. R. B., a political association of Irish-Americans organized for the overthrow of British authority in Ireland and the establishment of a republic. The name was derived from "finn," a company of legendary warriors in Ireland under the leadership of the mythical hero, Finn MacCumall. The modern Fenian movement, adopting the name of the ancient military association, had its first seat among the Irish population in America, which had largely increased since the great famine and exodus of 1846 to 1847. The society was founded in this country by John O'Mahoney in 1858. The principal object of the brotherhood was to supply money and arms to the Irish cause, and in this country the ability to bear arms was not a necessary qualification. The establishment of the Irish Free State removed the reason for existence of the brotherhood, and it is now practically extinct.

Beau Brummell

The real name of Beau Brummell was George Bryan Brummell. He was a splendid spendthrift, at one time a man of wealth, a dresser in exquisite taste, and the arbiter of fashion among the courtiers of the prince of Wales, with whom he was an intimate. Brummell was born in 1778. Early in life he managed to make the acquaintance of the prince and from that time his star was in the ascendancy. He had a fortune, which he spent lavishly. He maintained an extravagant establishment in London until his last penny was gone. For some time he lived on credit. Then, one by one, his friends deserted him. The prince turned against him, and he was obliged to flee to France in order to escape arrest for debt. After some years in wretchedness his mind failed him and he died in a hospital for mendicants in 1840.

First Theater in Capital

Aside from occasional performances given in Blodgett's hotel, which was at the southwest corner of Eighth and E streets, northwest, Washington had no playhouse in its first years. In 1803 a number of citizens met at Tunnell's tavern and planned the erection of the first theater in the city. It was built in 1804 on the northeast corner of Eleventh and C streets, and known as the Washington theater. Tunnell's was on the southeast corner of Ninth and Pennsylvania, southeast, and was founded in 1796.—Washington Star.

—It may be said that McILHANEY CREAMERY CO., is only as far from you as your nearest depot. The same train bringing cream to us from all along the way can conveniently deliver your cream to us also. Usually it will reach us the same afternoon or night shipped. Your cream check and can will be sent out to you promptly same day cream is received.

Wrapping your can tightly with a wet burlap sack will assure the cream reaching us in better condition.

HONOR FOR BRIDE ELECT

Complimenting Miss Jane McColloch, bride-to-be of Wade Donaho of Robstown on Sunday morning June 17th, Miss Vera Mayes entertained with three tables of bridge Thursday afternoon in her home in Maysfield.

The chosen colors were yellow and green, the hostess using yellow zennias and marigold in an artistic manner.

At the conclusion of the games, Mrs. T. M. Gleason was awarded a silver condiment set for high score, which she presented to the honoree.

Quebec Is Oldest Walled City in North America

Quebec, the ancient capital, is the oldest walled city on the continent of North America, observes a writer in the Montreal Herald. No place-name in the country carries with it so much of the historic or the picturesque. Historians do not agree as to its meaning, but the most generally accepted theory is that it is derived from an Indian word meaning "where the river narrows."

Champlain founded the city in 1608 and the story of its growth is indelibly linked with the early history of Canada.

The historic Citadel crowns its heights, 365 feet above the river, and from these cliffs the city slopes down to tide-water level at the St. Charles river. Though the city has kept stride of modern progress it is visited annually by thousands of travelers who carry away memories of its ancient buildings, and Old world streets redolent of the colorful scenes of an earlier day.

It has an ocean port with docks capable of accommodating the largest ocean liners. Near where the great ocean liner dock Wolfe landed in the darkness with his army to take the city from the French. Not far from there the first snagging steamer ever built in Canada was launched. It was the Royal William, the first ship to cross the Atlantic using steam all the way.

Transits of Venus and When Phenomena Occur

If the orbits of Venus, the earth and the sun were all in the same plane, a transit of Venus—her apparent passage across the face of the sun—would occur once in every 224 days, the time in which Venus takes to make the circuit of her orbit. But, says a writer in Cleveland Plain Dealer, owing to the different inclinations of these orbits it only happens at long intervals, that when Venus passes one of her nodes—or points at which her orbit intersects that of the earth—she is in a direct line between the earth and the body of the sun.

The earth passes the line of these nodes, respectively, on or about December 7 and June 8, so, that transits can only occur near these dates. Usually a pair of transits occur near one of these dates with an interval of eight years between; then 243 years must elapse before a transit can fall upon the same date again. But near the middle of this period—not exactly the middle, because neither Venus nor the earth travels quite uniformly in its orbit—one or two transits will occur at the other date.

There was a transit December 9, 1874, and another December 2, 1882, and another pair of December transits will not occur for 243 years—in 2117 and 2125; but during this period two June transits will occur, in the years 2064 and 2012.

Reading at Distance

From experiments made regarding the most favorable color combinations for reading at a distance, it was found that the most legible print was black upon yellow background. The order of merit obtained for different combinations is as follows: (1) black on yellow; (2) green on white; (3) red on white; (4) blue on white; (5) white on blue; (6) black on white; (7) yellow on black; (8) white on red; (9) white on green; (10) white on black; (11) green on red; (12) red on green.

"Have Got" Correctly Used

"Have got" is correctly used to indicate the result of a special effort, as "I went after the book and I have got it." But the use of "have got" for "have" is one of the most common errors in English. In statements concerning possessions, such as "I have got a headache," or "I have got a job," the redundant "got" should be omitted and the word "have" used alone. Also in statements concerning compulsion, similar to "I have got to go," the word "got" should be omitted.

Plant Beds Sterilized

Even plants need the safeguard of sterilization of their habitat on occasions. Operators of greenhouses are forced at times to sterilize the soil in the seed beds to prevent their plants from contracting various plant diseases which can cause thousands of dollars in damage unless prevented. The usual method of sterilization is to heat the soil in the seed beds with steam pipes, the soil being raised to a temperature of 212 degrees Fahrenheit.

The Dorr Rebellion

The Dorr rebellion was the outcome of an essentially democratic movement in one of the last strongholds of conservatism, on the question of manhood suffrage. On May 3, 1842, the "Suffrage Legislature" assembled at Newport, R. I., with Thomas W. Dorr as governor, proclaimed martial law. The suffrage party appealed to arms. Their troops were dispersed and Dorr fled.

Consistency of Fog

Fog is a heavy mist consisting of tiny globules of water floating in the air. Fogs on or near the sea are clouds come down to earth that spread out more than in the sky. The fog that forms over cities is the damp mist combined with smoke, dust and other impurities in the air. Fogs come when the upper air acts as a blanket and keeps the misty air down until the wind blows it away.

CORINTH H. D. CLUB

The Bryant Station and Corinth Home Demonstration Clubs had a joint meeting June 11. The Bryant Station Club was called to order by Mrs. McArdle in the absence of the president. The Corinth Club was called to order by Mrs. Henry Kuzel in the absence of the president. Ten members present and one visitor.

Miss Bertha Fae Strange gave a demonstration on jelly making. To never fail in making jelly make a pectin test by putting 1 spoon of fruit juice and 1 spoon of denatured alcohol let stand a minute and add the amount of sugar the test shows.

The guests were served a delicious course of cake and cream by Mrs. A. J. Zajack.

The Corinth Club planned a party for Saturday night June 23. Everybody come. Next meeting will be at Mrs. J. D. Lewis' June 25.

Delegates for Short Course were shown, Mrs. R. A. Zelisko and Miss Gertrude Stovner.

Mrs. R. A. Zelisko, Reporter.

EVENING SERVICES TO BE HELD ON OUTSIDE

Beginning Sunday the evening services at the Methodist church will be held on the church lawn where seats and lights will be provided. A feature of the services will be the Junior Choir under the direction of Mrs. Alex Triggs and the newly organized orchestra directed by R. C. Reynolds. The pastor will preach Sunday night the first sermon on a series entitled "The Four Faces," using the first face for Sunday night "The Face of An Ox."

Berries Make Good Cash Crop

L. E. Crutcher of Lorraine Texas, hasn't anything to worry about as long as his berry patch is producing. Crutcher has five acres in dewberries and blackberries and has already gathered and marketed more than 1,000 gallons of berries and will get several hundred gallons more. His farm is just outside the city limits of Lorraine, Texas farmers are turning more and more to side crops that will bring in ready cash. (Texas News Photos.)

ies entitled "The Four Faces," using the first face for Sunday night "The Face of An Ox."

METHODIST CHURCH

Beginning Sunday the morning services will be consolidated at the Methodist church for the summer. Services will begin at 9:45 and conclude at 11:30. The program will be varied. The pastor will bring an Object Lesson sermonette each service. Sunday the subject being "Performing a Miracle." All children are urged to see this Miracle. All who can not be present at the opening service are urged to be in the auditorium at 10:45.

Miss Elizabeth McDermott Becomes Bride of Mr. Edward Bryson In Beautiful Home Wedding

Miss Elizabeth McDermott became the bride of Edward Bryson of Prescott, Arkansas, in a beautiful twilight ceremony Monday evening June 4th at the home of her parents, Mr. and Mrs. Giles A. McDermott in east Cameron, Rev. O. C. Acree, pastor of the First Presbyterian Church, reading the ring ceremony.

Pink and green featured a pretty garden scene in floral decorations. Mrs. J. H. Sapp presided at the piano and Mrs. Winnie Wittliff sang "O Promise Me." The wedding march was also played by Mrs. Sapp.

The bride and bridegroom met the minister at the entrance of the prettily decorated improvised altar and pledged their troth. The bride was

attractively dressed in a semi-sport model of white crepe with large hat, white slippers and gloves, and carried an arm bouquet of Easter lilies and white carnations tied with white satin ribbons. She also carried for sentiment, a white linen hand-embroidered handkerchief that belonged to her grandmother, Mrs. Elizabeth Burnett. Concluding the ceremony, the bride presented her bridal bouquet to her grandmother Burnett. The bride is a charming young woman. After completing her high school work here in Cameron, studied at C. I. A. and State University, and for the past two years had taught school at Seguin.

The bridegroom was reared in Arkansas and attended Texas University where the romance began.

Mr. and Mrs. Bryson spent a few days in San Antonio later going to Austin where they are now studying at State, and will receive their degrees the last of the summer term and will go to Arkansas where he is superintendent of schools and both will teach this fall.

PRESBYTERIAN AUXILIARY

Circle number one of the Presbyterian church met in the home of Mrs. J. L. Barmore Monday afternoon with ten members in attendance. Mrs. Walter Lawrence led the lesson on Korea.

Mrs. Louie Criswell was hostess to circle number two with eight members present. Mrs. Guy Newton led the lesson on Korea.

During the summer months they will only meet once a month, on the first Monday afternoon for a business session and Bible study.

Thad Epperson of Palestine visited his wife and son for the week end in the home of his parents, Mr. and Mrs. Henry Sapp.

"The Power To Tax Is The Power To Destroy"—John Marshall

The power is given by the Constitution of this state to our law makers at Austin, the Governor, the Members of the Senate and the Members of the Lower House. The record of this law making body at Austin for the last twenty-five years, shows how well it has executed this power, whether to preserve or to destroy the Texas people.

Up to 1910 the state government has never expended as much as 10 million dollars in any one year; but since 1910 the expenditures have increased by leaps and bounds; and for the last five or six years the expenses have been more than 100 million dollars each year; and last year the state government spent for state purposes only \$107,922,450.59, as shown by the annual report of the Comptroller at page 7. This does not include any part of the 20 million dollars relief bonds.

The cities and towns are spending 100 million dollars a year.

In 1910 when the expenditures of the state were less than 10 million dollars our people were prosperous, and their indebtedness light; and as the expenses of the state increased the private debts of the people increased; and the encumbrances now against farm and ranch lands and real estate in the cities and towns are more than one billion dollars.

Outstanding bonds of the counties, cities and towns are 700 million dollars, making the public's private debts one billion seven hundred mil-

lion dollars, bearing an average interest of at least 5 per cent, or 85 million dollars a year.

This does not take into account debts to banks and other local creditors.

The above shows that the people of Texas must dig up each year 285 million dollars for taxes and interest which when paid never returns.

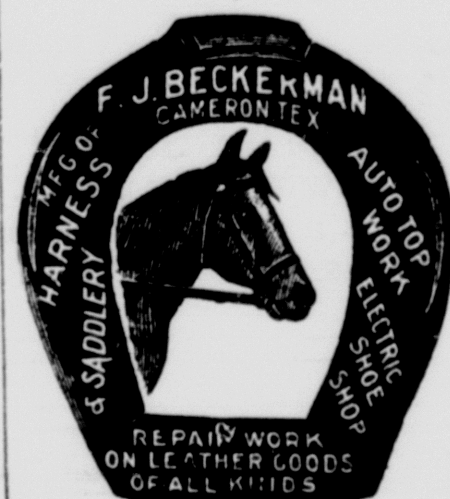

An average cotton crop of Texas, 4 million bales at 10 cents a pound or \$50.00 a bale will bring \$200,000,000.00 and the grain crop, cattle, hogs, poultry, etc., will not bring as much as 85 million dollars. From this it will be seen that the total gross price of all the products of this great agricultural state is less than the amount necessary to pay the taxes and interest.

Non-residents own at least one billion dollars of property in Texas, and these non-residents as well as the wealthy property holders of Texas are now and have been for years using every device and scheme to dodge and avoid the payment of the crushing state taxes.

This dodging of taxes will be discussed in another article in the Herald next week.

In the meantime it will be well for us to consider what we are going to do with the heavy indebtedness against our homes and with one, two and three years delinquent taxes and interest against it. What are the holders of these mortgages going to do with us.

J. K. FREEMAN.
Cameron, Texas, June 6, 1934.

GAUSE

Everyone well and weather still hot and dry in this locality.

Misses Emma Howard and Elaine Thomas have returned from Southwestern University where they attended school the past term. Elaine will spend the summer at home. Emma Howard has entered A. & M. College for the ensuing term.

Mr. and Mrs. Louis Bowling and son, Merton, spent the week end in Houston with relatives. Their little grand daughter, Marie Hickman returned with them for a visit.

Mr. D. W. Key is sailing around in a new Ford V-8. You can't keep a good man down.

Mrs. W. R. Webb, Mrs. Dan Cass, Merton Bowling, Jeff Critchfield and Miss Juanita Thomas attended the community party at Minerva Thursday night. A pleasant evening was reported.

Mrs. L. L. Bradley and sons, Mrs. A. Sandford and daughter, Mrs. Justice came down from Rockdale Wednesday evening and assisted the Gause Demonstration Club with songs to be sung Rally Day June 15 at Rockdale.

Rev. Jesse Jones and children of New Baden spent Thursday evening with his mother, Mrs. J. A. Jones. Incidentally he brought her a bushel of delicious New Baden tomatoes which the writer was fortunate enough to share. Must say they were almost equal to Gause tomatoes.

J. H. Thomas was a visitor to the county capital Thursday.

Our little town was saddened Wednesday afternoon by the receipt of a message notifying relatives of the death of Mrs. M. M. Arrendell, a former resident of this place. Her demise occurred at Houston where she had undergone an operation a short time ago.

Dan H. Cass was a visitor in the city of Cameron Saturday afternoon. W. F. Ferguson of Fort Worth is spending a few days in the home of his mother, Mrs. George Ditto.

Dewey Green, wife and little son are visiting Mrs. Green's parents in New Mexico.

James Harlan and wife of Waco were guests in the home of Mrs. Ola Gause last week.

Bob Browder has been seen meandering on the streets of Gause in a brand new Chevrolet.

A meeting was held Thursday night at the Methodist church to discuss plans for the erection of a

new school building here to replace the one recently destroyed by fire.

The erection of Terry Moore's new home is rapidly nearing completion under supervision of contractors Chester Blevins of Uvalde and Buster Taylor of this place.

Mr. and Mrs. Rudolph Bowling, Sr. and Mrs. Rudolph Bowling, Jr. shopped in Rockdale Friday.

Myrl and Si Ferguson are spending a few days with their grandmother, Mrs. George Ditto.

The Home Demonstration Club met with Mrs. George Bland Wednesday afternoon. A large number were present. Miss Strange gave a demonstration on jelly making.

David and Clifford Mabe of Conroe are spending the summer months with their grandparents, Mr. and Mrs. H. M. Rains.

Hulan Cochran of Tipton, Oklahoma, spent a few days in our little village last week en route to his old home at Cold Springs. Mr. Cochran used to live here. We are always

glad to see him.

Robert Allen Jones spent last week end as a guest in the home of Elmer Jones at Rockdale.

Mr. and Mrs. Malcolm Timmons have moved back to Gause from Cameron and are domiciled in Mrs. Ida Cannon's apartment.

News was received here last week of the marriage of Miss Robbie Barker to Hulan Cobb of New Braden.

Fred Spraggins of Pasadena is visiting his parents here this week.

Miss Blanche Rose of Bryar visited relatives and friends here the past week.

L. S. Cunningham and Garland Varner spent Sunday in Houston.

Clyde Stevens and wife of Rockdale were in our town Sunday afternoon.

Dr. J. W. Torbett of Marlin, held laymen's service at the First Methodist church Sunday morning and while here was the guest of Rev. and Mrs. Walter E. Cannan at the parsonage.

Know the Truth About

Refrigeration

Don't be misled by extravagant claims . . . Compare the—

Coolerator

with electrical refrigeration and decide for yourself . . .

The Coolerator is exclusively different and better. Prove this for yourself in your own home. Simply call us. A Coolerator to suit your need will be delivered at your convenience. If, after ten days, you are not satisfied that it is the best refrigerator you can buy, you may have it returned without the slightest obligation.

ASK YOUR DOCTOR THIS QUESTION:

"Is an air-tight compartment, filled with stale, dry, gas laden air a good place to keep foods you intend to eat?"

A COMPARISON OF MERIT

THE COOLERATOR	THE AVERAGE ELECTRIC REFRIGERATOR
1. Pure, sparkling ice at all times.	1. Heavy, complicated machinery, making noise, causing vibration, wearing out, consuming power.
2. Requires re-icing only every five to seven days.	2. Ice trays must be kept filled. Insufficient ice in hot weather.
3. Melting ice in a coolerator maintains proper humidity for food preservation.	3. Almost air-tight compartment with circulation of cold, dry air dehydrates foods.
4. The water from melting ice absorbs gases and odors that foods give off. In a Coolerator the air is washed clean and pure.	4. The dead air in the food chamber causes the mixing and absorption of gases from one food to another.
5. Melting ice is quiet, and automatically maintains the proper constant temperature.	5. The temperature in an electric refrigerator fluctuates.
6. The patented exclusive and new method of air circulation is found only in the Coolerator, insuring preservation of foods in their natural state.	6. Circulation of dry, stale air is an accepted poor practice of sanitation.
7. No moving parts, nothing to wear out. Under average conditions, will last indefinitely.	7. All machinery wears out—how soon—depends on principle of operation. Gas must be replaced.
8. Removable shelves, round corners, easy to clean.	8. Complicated coils, usually with crevices and corners. Must be defrosted every few days.
9. For a family of five, costs only an average of \$3.50 per month to own and operate a Coolerator.	9. For a family of five, costs an average of \$7.10 per month.

Test and Prove the Coolerator

the COOLERATOR

10 DAY FREE TRIAL

in your home without obligation

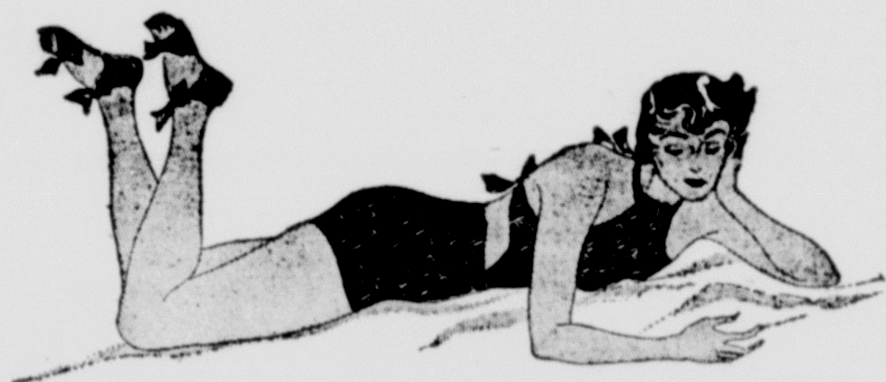

GUARANTEED—There is nothing about the Coolerator that will not last indefinitely. Its principle of refrigeration is simple and correct. Materials and workmanship are guaranteed. Under normal conditions, your Coolerator will last indefinitely.

SMALL MONTHLY PAYMENTS TO SUIT YOUR CONVENIENCE.

CAMERON

No one needs to tell her!

• Possessing a keen sense of values, she's too smart and intelligent to be disturbed by all she hears and reads. No one needs to tell her which is the best refrigerator. She has the ability to find out for herself. She knows how to shop and what to look for just as she knows how to play and bask in the sun. She's ready for her new automatic, but before she buys she's going to look at Electrolux and find out why her many friends have bought gas refrigeration.

• The constant, steady cold below 50 degrees which Electrolux maintains without machinery or motors, its permanent silence, its freedom from costly repairs and its remarkably low (about 25c a week) operating cost are things which appeal to her. She wants to test them; to prove to herself that such simplicity in safe refrigeration is possible. And when she does, she's intelligent enough to recognize more years of care-free, dependable refrigeration at the least cost in the gas refrigerator.

Do you have to be told?

Community Natural Gas Co.

HERE'S ONE REASON why long distance calls are fast

Within its own boundaries, this company, like each of the 24 Bell System associated companies, operates its own long distance system. But A. T. & T. trunk lines (shown on map) link these 24 separate systems into a nation-wide unit, over which skilled operators can send your voice almost with the speed of a local call to the remote reaches of the country.

Such nation-wide service would be virtually impossible without equipment built to the same designs and used in the same way . . . without operators trained in the same methods . . . without, in short, a nation-wide organization behind it.

How effectively A. T. & T. meets this need is shown by the fact that today 9 out of 10 long distance calls go through while you hold the line; by the constant pushing back of the frontiers of the voice until 92 per cent of the world's telephones are now within your reach; by four reductions in long distance rates, made voluntarily in recent years.

Here you may see the workings of a fundamental Bell System policy, adopted because we believe it to be a policy that works. In an organization planned like the telephone service for the long pull, we feel that what is best for the telephone user becomes in the end the course that will bring us the sounder, more certain success.

MILANO

Mr. William Henry returned to his home in Chriesman Sunday after a week's visit here in the home of his grand daughter, Mrs. Carlos Sloan.

Dudley Lee Braunn is home here with his parents. He attended school in Dallas the past four years.

Mrs. Ryan and son of Rockdale were guests here last week of Miss Kate and Alice Breman.

Miss Marie Stewart of San Antonio is a guest of her cousin here, Miss Sarah Hughes.

The little Morgan baby who has been sick is reported to be better.

The Truck Growers' Association

will entertain Saturday night June 16 with a get-together meeting. Assisting them will be the ladies of the Cemetery Association. There will be a nice program rendered and a plate lunch served consisting of Milam County products.

Mr. and Mrs. Bob Haddox of Bryan were guests of their aunt, Mrs. O. K. Haddox Sunday.

Mr. and Mrs. Lesser Newton and son, Rodney were visiting in Rogers Sunday.

Mr. Ed Baggett and family of Hearne have moved to Milano and Mr. Baggett has put in a grocery store in the old Beard Building.

Mr. A. M. Hill of Chriesman was

a guest of his sister here last week, Mrs. Dan Robinson.

Miss Pauline White left Sunday for Dallas where she will visit for two weeks in the home of her uncle, Talmadge Reese.

The Baptist meeting that is in progress here is drawing large crowds. Two brothers by the name of Gillis are doing the preaching and directing the singing. They are from Fort Worth. There are many from Gause, Cameron and Yarrellton attending the meeting.

Mr. Allen Kirkland was carried to Kerrville last week to the hospital suffering with rheumatism. He is reported some better at this writing.

Mrs. Wallace Pierce and baby of Lexington are visiting in the Milton Pierce home this week.

Claud White was a Cameron visitor Monday.

EPISCOPAL CHURCH SUMMER SERVICES

All Saints Church, Cameron, and St. Thomas, Rockdale, will have 8 o'clock evening services on alternate Sundays during this summer.

Next Sunday evening the service will be in Rockdale.

This arrangement has been made to enable Rev. J. P. Love to also serve St. Paul's church, Waco, in the absence of the rector.

Formula For Saving Garden Seed Given

Saving garden seed for the fall garden is a timely duty of gardeners.

In saving beans and pea seed, mark a few of the best plants, allowing the pods to ripen for seed. When the entire crop is matured harvest the beans and treat the seed with high-life (Carbon disulphide). A pint of high life will treat a barrel (50 gallons) of peas or beans in the pod. Pour the high life in an open pan and place the pan on top of the beans in the barrel. Use a cover on the barrel while fumigating. Keep the lid on the barrel for 12 hours, open and ventilate, then store the bean or peas, shelled or in the hull, in a dry place until planting time.

Mrs. Razor of Dallas is visiting her sister, Mrs. W. E. Gaither, this week.

Boy Scout News

TROOP NO. 52

Troop 52 changed the time of their over-night hikes from Saturday to Friday night of the first Friday in the month. Due to this change 52 went to Wayside on last meeting night and prepared for an enjoyable program. After the camp was made and wood gathered, the scouts spent the evening swimming and fishing and boat riding.

At night a stalking game was played. Johnny Stanislaw successfully stalking Paul Michalka and C. W. Gjedde, while his brother, Jimmie of the X, caught Bob Hensley. The Question Mark patrol did not place in this game.

About 4:30 Bob Hensley was caught up in a tree constructing an infernal machine or an ingenious device for waking sleeping scouts. However no alarm was turned in as the watchful one wanted to see the fun also. Paul Michalka and George Matocha usually take the cake for being camp imps.

At the end of the camp the X patrol was leading the other patrols with 727 points. The Question Mark came along with 423 and the Fox were on their heels with 417.

At first it seemed as if the Question Mark patrol composed of C. W. Gjedde, Frank Newton, Paul Michalka, Bob Hensley, Rudolph Michalka, George Matocha, Frank Ermis and Shorty Matula would surely beat their little brothers, the Fox and X, but just now the Xes have made them the laughing stock of the troop, while the Foxes have a good chance to laugh them down into third place. Ho, Hum! This camp was in charge of Ernest Michalka.

ALL STARS 5; K. OF C. 8

Last Sunday, for six torrid innings as the sun blazed down on Lawless Green Field, Schattle and his fast ball hatched the K. of C.'s a row of goose eggs, while Ondrej and T. Ermis got a pair of lucky bingles with dogs on the diamond, accounting for four of the all stars runs. Ermis Hollis scored the other when he came in on a fielder's choice.

In the second and sixth innings the K. of C. placed men on bases by virtue of hits, but in each case were

retired by double plays. However, in the seventh Manager Rudolph Richter's team jumped on Bill Worcester for seven hits and eight runs, defeating the All Stars before they realized what was wrong.

T. Matula led off in the seventh and doubled to center field. E. Michalka singled scoring Ted. T. Moraw singled past second base and A. Moraw walked, filling the bases. Loaded bases is a dangerous thing for any pitcher to face as shown by L. Matula's single to center, scoring Ernest, Anton and August as Ermis Hollis fumbled the ball allowing Ladis to pull up on third. Then Paul Michalka, who took a couple of horse collars in his first times at bat, hit a home run into center field scoring after Ladis. That was the climax, but two more runs leaked in before the rally could be stopped.

SWIM AND PICNIC

Miss Margaret Fisher was named as honor guest at a swim and picnic given at the Country Club Friday afternoon at 6:30 o'clock by a number of her boy and girl friends. After a swim in the lake, a delightful basket picnic was served by the hosts of the occasion.

This is the New Mower the Crowds Admired at A Century of Progress Last Year

Come in and go over the entire mower. You'll agree that you have never seen anything like it.

McCormick-Deering No. 7 Enclosed-Gear Mower

WE are anxious to have all of our friends see the New McCormick-Deering No. 7 Enclosed-Gear Mower. We think it is one of the finest pieces of farm equipment we have ever sold!

Everybody who has seen it says they never had any idea that a mower could be built as this one is.

For example: The entire operating mechanism, including drive gears, differential, and countershafts, is assembled compactly in an oil-tight gear housing and runs in a bath of oil. There are four high-grade roller bearings. Operation is so smooth and noiseless that you can scarcely hear the light hum of the sickle!

Special oil seals at the ends of the main axle and fly-wheel shaft, and the oil-tight gear box prevent leakage and protect all working parts against the entrance of dirt and other abrasive materials. Floating action of cutter bar provides ample play without disturbing knife registration.

Little East Texas City Goes Wild When Gusher Comes In

The biggest oil boom since Ranger is the way old-timers speak of the current excitement centering in Rusk, Texas, after bringing in the Wood & Young No. 1 New Birmingham Development Co. wildcat as a big producer. In the pictures, No. 1 is the well that is causing all the excitement. No. 2 shows some of the crowds that throng the streets of Rusk. No. 3 graphically illustrates how traders in leases and acreage cope with lack of office space. Those pictured have claimed a piece of the courthouse lawn for an office. No. 4 shows more crowds, and the parking problem. People wait four deep in line for counter seats in restaurants and rooms are \$15 a night. (Texas News Photos.)

ANNUAL GOLF MEETING HELD HERE ON SUNDAY

With 86 entries the annual invitation golf tournament of the Cameron Country Club was held in Cameron on Sunday, June 10.

Hospitality of the Club for the day was extended to a large number of visitors with refreshments and lunch served on the grounds. A picnic site has recently been established on the course. Excellent weather conditions and a perfect course aided the game with some excellent records for the circuit.

Low Gross Score

The following entries tied for first place with a score of 74: Raleigh

White, Temple; Gene Taylor, Waco; Leland Hammon of Waco. Mr. Hammon was runner up in the state amateur golf championship of Texas and is one of the best in the state. E. J. Taylor of Taylor and Bunt Manning of Cameron tied for fourth place with a score of 75.

Low Net Score

Bert Magnussen of Elgin and C. M. Caperton of Marlin tied for first place with a score of 64. W. F. Vogel of Rockdale and Wilson Killen of Cameron tied for third place with a score of 65. The following tied for fifth place with a score of 66: C. S. Griffith of Taylor; R. L. Logan, Georgetown; G. W. Pruett of Elgin; C. H. Booth, Taylor; Joe Furneau, Cameron; Frank Cheeves, Cameron.

Driving Contest

Raleigh White, Temple, first; Le-

land Hammon, Waco, second; Bill J. Newton, Cameron, third.

Pitching Contest

John Martin, Cameron, first; Leland Hammon, Waco, second; Wilson Armstrong, Taylor, third.

The following is the list of prizes: Low Net: First, 12 hol hi balls; Second, 8 balls; Third 6 balls; Fourth 4 balls; fifth 2 balls; Sixth 2 balls. Low Gross: First 12 hol hi balls; Second 8 balls; Third 4 balls; Fourth 2 balls. Driving Contest: First 3 hol hi balls; Second 2 balls; Third 1 ball. Pitching Contest: First 3 hol hi balls; Second 2 balls; Third 1 ball.

Miss Imogene Sapp was brought home Monday from the Cameron Hospital where she had her tonsils removed Friday morning. Miss Sapp is doing nicely.

Busy Getting Fat

The above picture explains why one of the Jersey cows on the W. L. Moody, Jr., ranch near Port O'Connor, Texas, had been turning up at milking time minus her usual supply of milk. The pigs seem to be thriving on the milk diet. (Texas News Photos.)

MISS FISHER COMPLIMENTED

Miss Margaret Fisher was special guest at a meeting of the Senior division of the Epworth League Thursday evening at the Methodist Parsonage. Dominoes, flinch and 42 were the diversions of the evening.

Concluding the evening of pleasure, angel food and ice sherbert were served to a large number of Miss Fisher's friends.

Miss Fisher is leaving soon for Austin where she will make her home, and many friends regret her going.

FORMER CAMERON GIRL WEDS

A marriage of much interest to the people of Cameron was that of Miss Georgia Rae Herndon and Richard E. Scott of Corpus Christi. The ceremony was performed Sunday June 3rd at the home of Rev. George Diehl, pastor of the First Presbyterian church at Corpus Christi.

The bride is the daughter of Mr. and Mrs. W. C. Herndon of Corpus Christi, formerly of Cameron. She

was graduated from Yoe High school in 1931. While attending high school here was selected the High School beauty.

Mr. Scott was reared in Corpus Christi, is a capable young business man and manager of the Nu Market Grocery. The young couple will make their home at 715 Park Avenue, Corpus Christi.

Rheumatic Pain Stopped by Lemon Juice Recipe

Try this. If it doesn't relieve you, make you feel better and younger and happier, your druggist will refund your money. Get a package of the REV PRESCRIPTION. Mix it with a quart of water, add the juice of 4 lemons and take a tablespoonful two times a day. In 48 hours, usually, the pain is gone, joints limber up, wonderful glorious relief is felt. Equally good for rheumatism, or neuritis pain. Costs only a few cents a day. For sale, recommended and guaranteed by all leading druggists. Any druggist will get the REV PRESCRIPTION if you ask him to do so.

T. V. Adams and daughter, Miss Jean Adams, of Buckholts were Cameron visitors Monday.

Cardui Helped Lady For Nervousness and Run-Down Condition

"I have taken Cardui several times for weak, run-down condition and it has helped me," writes Mrs. Walter M. Coulon, of Forsyth, Ga. "I was nervous and suffering from a weak condition. There were days when I had to lie down during the day. I sent for six bottles of Cardui, as it had helped me before. Cardui gave me strength, stopped the nervousness and helped me in every way." ... Cardui may be just what you need. It can't do you any harm, so why not try it? Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician. \$1 a bottle, at drug stores.

Ask any woman who has an

ELECTRIC Refrigerator

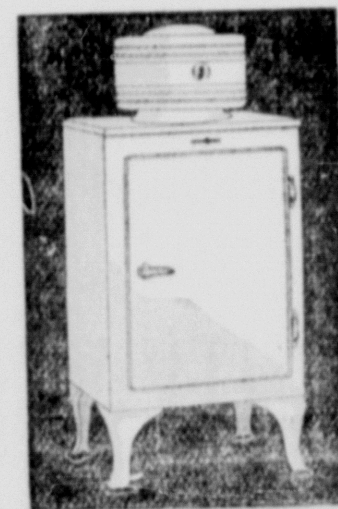

—what she thinks of it and you will find that it ranks among the most desirable conveniences of her home. You will find that it has become so definitely and necessarily a part of her home that no amount of persuasion could make her part with it.

No need to wait to enjoy the benefits of ELECTRIC Refrigeration. You can afford it now!

For just a small down payment you can have the convenience and comfort of an Electric Refrigerator in your home now . . . the balance on easy monthly terms is paid while you enjoy the benefits to the whole family, which electric refrigeration is sure to bring.

By keeping milk pure and sweet, by keeping butter, meats and other vegetables fresh, an electric refrigerator guards the family health. Plenty of convenient ice cubes are always ready for ice-cold drinks. Frozen salads and desserts are easily prepared in the morning hours or even the day preceding and are ready to serve at the evening meal or at an afternoon party.

Only an Electric Refrigerator offers you the extra refrigerating capacity needed in long, hot Texas summers to give you full refrigeration conveniences such as plenty of ice cubes, frozen desserts, etc.

Where Editors of Texas Will Convene

Pictured above is the Adolphus Hotel in Dallas, official headquarters for the 1934 Texas Press Convention June 14, 15 and 16. Inset are members of the entertainment committee who have prepared a gala round of recreation for the Texas newspaper men when they convene. Top row, left to right, are J. Ben Critz, General Manager of the Dallas Chamber of Commerce; Mrs. Harold Abrams; Joe Kempton, Editor of Farm and Ranch, and lower photo is R. L. Thornton, president of the Mercantile National Bank. (Texas News Photos.)

CONTRACT BRIDGE PARTY

Mrs. Adolph Winfield was hostess to a bridge party Saturday afternoon honoring her sister, Mrs. Leo Wichner of New York City who is a house guest.

Summer flowers in various shades were used in the reception rooms where tables were placed for contract bridge. Highest score was made and Mrs. Legacy of Croix de Lane, by Mrs. Ed Balhorn. The honor guest

who is visiting her brother and sister, Dr. Rischar and Miss Rose Rischar, were presented with novelty handkerchiefs.

Concluding the games the hostess served ice cream and cake. Mrs. Graham Gillis came in for the refreshment hour.

Mrs. Wilson of Shreveport, La., is here on a visit with Mrs. Simmie Burns, Sr. Mr. and Mrs. Collier of Port Sullivan, were also guests of Mrs. Burns this week.

SUPPER FOR REV. APEL ON EVE OF DEPARTURE

A surprise to Rev. Geo. Apel, pastor of Saint Monica's church, was a chicken supper served Sunday evening on the church grounds.

Without any knowledge on the part of the pastor, the parishioners spirited him away, and when he was returning by 6 o'clock all the parishioners were ready to receive the Rev. Father. The band started to play and the tables were set for a fine chicken supper.

There were present Rev. Otto Bauer, Westphalia; Rev. Preacher of Tours; Rev. P. J. O'Reilly, Temple; Rev. Tim Valenta, Bryan; Right Rev. Monsignor J. B. Gleisner, Bryan. B. P. Matocha was toastmaster and he called first on Monsignor Gleisner to give a talk. He praised the accomplishments of Rev. Apel and gave credit to the parishioners for co-operating with the pastor.

Other speakers were: John Andres, Mrs. Mary Michalka, Mrs. Robert Busker, Miss Rosina Michalka, Will Michalka, Dr. A. S. Valenta, Paul Michalka, Joe Lindle, Mrs. B. P. Matocha. All speakers expressed their regret over Rev. Apel's departure for Europe, but hoped he would return soon again, for they love him.

The last speakers were three little children with flowers and an envelope which proved to be a purse. The pastor with emotion and feeling spoke last. He said "My dear parishioners, this is the surprise of my life," and he called them "schemers," for he had no idea that he was considered good.

Rev. Apel thanked them for their loyalty to their pastor and assured them he would return again in about three months. Then he turned the envelope over to P. J. O'Reilly to see

Three Die in Flaming Plane at Hico

There was very little left when this plane, belonging to Earl Lynch, burst into flames at night over Hico, Texas, and plunged to earth like a meteor taking Lynch, the pilot; Miss Lola Mae Williamson and Bill Blair to their deaths. The plane fell into a vacant lot within 400 feet of a dwelling. (Texas News Photos.)

what the envelope contained. Father O'Reilly said it was money so Father Apel said: "I do not know what it contains but put it away as a nest egg and I will double it for the new school." This statement was highly appreciated. The pastor, of course, placed a little condition in this statement, saying that if the parish would double the amount, it would be considered as a beginning sum for the new school which he plans to sponsor on his return.

Rev. Apel is held in high esteem by his parishioners as well as by the people of Cameron. He goes away for a vacation in his native country of Germany. All wish for him a delightful trip and a safe return. Father Apel left Cameron Thursday.

Mrs. William Mennis of Wichita Falls is here on a visit with her mother, Mrs. Tom Denson.

CHARLES RAY MORGAN

Charles Ray Morgan, fourteen months old son of Mr. and Mrs. Ziff Morgan of Gause, died Wednesday morning June 13th at 9 o'clock. Burial was at Milano Thursday afternoon at 3 o'clock. Interment was made in Milano cemetery.

LEAGUE PARTY

The intermediate department of the Epworth League enjoyed a tacky party given at the home of their councillor, Mrs. Leland Green Tuesday evening. Miss Mary Ellen Cottle conducted the games on the lawn.

The hostess, assisted by Mrs. R. B. Rylander, served punch and passed home made ice cream and cookies. Other than members present was Billie Reeves.

SUNDAY SCHOOL CLASS PARTY

Mrs. T. S. Henderson and daughter, Mrs. John Cecil Colpepper, teachers for the Friendly Bible class of the Baptist Sunday School, were joint hostesses for the class Monday evening at the home of the latter.

Pretty summer flowers and shrubs made a beautiful lawn setting for the outdoor games. Closing the games the hostesses served ice cream and cake and candy.

CANNING HOME FOODS

By BERTHA FAE STRANGE

Home Demonstration Agent, Milam County

Each summer brings requests for summer meat canning. Special care and precaution must be taken to secure a high quality product and to avoid loss of same, as well as to avoid possible results of poison.

In complying with these requests the following suggestions in regard to summer meat canning are given:

1. If beef or pork must be canned in the summer it must be thoroughly cooled in a storage plant.

2. As a maximum the carcass should be allowed to remain in cold storage for two or three days for ripening.

3. In cases where this length of time is not possible, the following are the minimum periods for an animal if 500 pounds live weight:

34-38 degrees—leave carcass in storage at least 18 hours.

42-45 degrees—leave carcass in storage at least 24 hours.

Note: If the temperature of storage plant is below freezing, the meat should not remain longer than 12 hours or it will begin freezing.

4. A method of preventing meat from becoming too warm during preparation is to remove from storage one quarter at a time, cut and can it before removing another. The portions of this quarter not being prepared should be kept in the refrigerator.

5. The cans should be thoroughly cooled immediately after removing from the canner. When well or hydrant water is warm the cans should be cooled as thoroughly as possible in this. Ice should be added to the final cooling bath. This helps to prevent danger from spoilage or over-cooking.

6. All canned foods should be stored in a cool dry place. A temperature of from 50 to 70 degrees is considered best. Well ventilated cellars are excellent for storage of meats and non acid vegetables.

BURLINGTON

Mr. Louis Litzman celebrated his birthday last Sunday by inviting several of his children and other relatives to the hotel for dinner. Those present were: Mr. and Mrs. Ed Stuessel and family of Mooreville, Texas; Mr. and Mrs. John Litzman and family of Waco, Mr. and Mrs. Mack Litzman and family and Miss Juanita Ferris of Waco; Mr. and Mrs. Charlie Maas, Mr. and Mrs. Charlie Litzman and baby, Mr. and Mrs. Henry Litzman and family of Burlington.

Miss Margie Marek of Belmena is spending some time with her grandparents, Dr. and Mrs. J. C. Herring.

Several families enjoyed an ice cream supper at the home of Mr. and Mrs. Jake Dodson last Saturday night.

Mr. W. K. Johnston and family visited relatives in Burleson county recently.

Mr. and Mrs. Bill Pieper of Houston are spending the week in the home of Mr. and Mrs. Elo Werland and family. They were accompanied to Burlington by little Dorene Werland who has been visiting in Houston.

Miss Irene Foshea spent a few days recently in the home of Mr. and Mrs. Terrel Prescott at Ben Arnold.

Mr. and Mrs. Bonnie Lucas and children of Clarison spent last Sunday in the home of Mr. and Mrs. U. H. Kevill.

Quite a few Burlington friends of Mrs. Sam Asbury of Wilderville, who was seriously burned some time ago with a steam pressure cooker, have visited her in the home of her uncle and aunt, Mr. and Mrs. Ollie Hughes of Rosebud where she was carried soon after her accident. Her many friends here are pleased to know her condition is improved.

Several study courses on B. Y. P. U. and Sunday School work will be taught at the Burlington Baptist church beginning June 25. It will be announced later who the teachers of the courses will be.

The Senior B. Y. P. U. of the Burlington Baptist church rendered a program at the Travis Baptist church last Sunday night. The Union was accompanied to Travis by several of the church members.

Mr. and Mrs. Joe Swanzy and son Forest Wayne of Burlington, Mr. and Mrs. A. L. Behne of the Sneed-Kasner community left Tuesday for Corpus Christi where they will spend a few days.

Robert Lee Johnson is spending some time with relatives in Burleson county.

Miss Janie Belle Ray, district clerk of Marlin, was in this section

Texas Lady Tells How Black-Draught Laxative Helps All Her Family

Here's how Black-Draught fills the needs of a family laxative in the home of Mrs. J. B. Stoker, Fort Worth, Texas: "The grown-ups in my family," she writes, "have always taken powdered Thedford's Black-Draught for biliousness, headaches and other ailments (due to constipation) and found it a reliable remedy. I was very pleased when I saw Syrup of Black-Draught advertised. I bought it and gave it to my little daughters, ages 6 and 4. They needed something to cleanse their systems and Syrup of Black-Draught acted well." Your druggist sells this reliable laxative in both forms. "Children like the Syrup."

J. C. Andres Elected To Head K. of C. Here

Officers were elected Thursday night at the annual meeting of the Knights of Columbus, Cameron Council No. 2338.

J. C. Andres was re-elected Grand Knight, F. A. Michalka was named Deputy Grand Knight, who succeeded Dr. A. S. Valenta; Dr. A. S. Valenta was elected Chancellor to succeed E. B. Hesse of Burlington; J. A. Lindle was re-elected Recorder; Paul Michalka was elected Treasurer to succeed Pete Mikula; Anton Morraw took Anton Ernie's job as Advocate; Frank J. Hanel was re-elected Guardian; Hugo Boedecker succeeded Anton Absneider as Inner Guard and Emil Hollas of Burlington was re-elected as Outer Guard. Herman Boedecker was elected for the three-year term of Trustee. The hold-over Trustees are Robert Busker and W.

J. Michalka. The new officers will be installed at some future date. Following the business session, entertainment was furnished by Rudolph Richter, Lecturer.

Drink Water With Meals Good for Stomach

Water with meals helps stomach juices, aids digestion. If bloated with gas add a spoonful of Adlerika. One dose cleans out poisons and washes BOTH upper and lower bowels. At Leading Druggists.

TO SETTLE AN ESTATE

The house and lot owned by Mrs. Sophie E. Boone will be sold at a bargain. This home is located in the city of Rockdale. For further information address J. P. Awalt, Administrator, 811 Elm Street, Dallas, Texas. 2-5te
